

***X-ray research request***

Sample ID: .....

Phone: .....

Research Group .....

Formula (best guess).....

Reaction.....

Solvents.....

Problems:  toxic  explosive  radio active  air sensitive  light sensitive

Comments.....

date .....

Submitter's Name.....

email: .....

Budget Worktag .....

Proposed structure (indicate numbering scheme)

I have carefully read this form  
and agree with following charges

Signature .....

Order	# Item Done	Description	Charge (\$)
		Full structure with publishable documentation	325.49 for one structure
		Submitted Structure	20.91 for work on testing a sample for diffraction
		indexing	26.14 per metric found
		Absolute Indexing (requires collecting full data)	41.82 for obtaining enantio ratio for a known structure
		New refinement and Documentation (on old data)	76.68 for one write-up
		General Service	17.43 for an hour work on and off the devices

**NOTE: All billings to non-University of Washington accounts will include 15.6% overhead**
